Ärende: WC2015 Proposal

| Dear Professors

Ratko Magjarevic
Heikki Terio

| We spent a long time to define the position of the Brazilian Society for Biomedical Engineering-SBEB and Brazilian Medical Physics Association-ABFM in order to propose the organization of the of Biomedical Engineering and Medical Physics World Congress-WC2015 in Brazil.

| At the end of may, we discussed with Mr. Heiki Terio from IUPESM, the possibility to send the full project proposition and he said that the most important aspect was to send the final proposition at the end of june.

| We are sending attached our final proposition to organize the WC2015 in Brazil.

Best Regards

--

Renato A. Zângaro, Prof. Dr.
Presidente da Sociedade Brasileira de Engenharia Biomédica - SBEB
